Performing Arts

Junior Primary

Learn about elements of Music through describing, making and responding, experimenting, creating and observing performances.

- Beat
- Rhythm
- Timbre
- Improvisation/composition
- Angklung

Students will look at the use of music in Aboriginal and Torres Strait Islander culture.

During our unit on the Angklung (Indonesian instrument) students will learn about the use of the Angklung in Indonesian culture.

During music this term students will develop skills in reading and responding to basic rhythmic patterns and simple melodies.

Middle Primary

Learn about elements of Dance through making and responding, experimenting, creating and observing performances.

- Dance safety
- Concepts of dance
- Choreographing short dance routines
- Improvisation
- Group and partner work

Students have a real focus on developing basic dance concepts and using them to create a class routine. This will involve improvisation small group choreography and a lot of team work.

Students will learn the use of procedure writing to help to remember the routine we create.

Term 1 Learning Overview 2016

Eastern Fleurieu School

Upper Primary

Experiment with the elements of Drama through making and responding, creating and observing performances.

- Facial expression, body language and emotion
- Elements of Drama
- Improvisation
- Pantomime
- Voice projection
- Stage direction
- Safety in performance

Students will be applying their knowledge of drama in a real life situation assessment task. Students will be asked to choose and promote products or create a news reel using elements of drama.

In drama, students will have a real focus on developing characters in short small group plays. Students will learn the process of learning and preforming a play including stage technique, voice projection, team work and character building.
