

**Our vision for developing a Performing Arts program to cater for all students and especially our many talented musicians, dancers and drama students has been well and truly realised.**

It was an uplifting experience to be at last night's EFS musical showcase, where so many of our primary and secondary students from all campuses performed so capably and with sheer enjoyment shining through. The packed audience in our Performing Arts Centre loved the diversity and quality of the performances, ranging from solo piano and vocal pieces, junior and senior choirs, many great ensembles, including a new string group etc. etc. The finale was a piece featuring the cast for our upcoming school musical "Alice in Wonderland".

We are so proud of our dedicated music specialists and other supporting staff and thrilled by the superbly talented EFS students who were on show last night.
